WG-35501 CUT

WOLFGUARD WG-35501 CUT

A Superior Choice for Safety and Efficiency

Engineered for professional use, the WG-35501 CUT offers secure and comfortable performance in wet and oily environments. Its foam nitrile coating, ergonomic design, and skin-friendly textile make it a reliable solution for demanding tasks.

Technical Features

- Second-Layer Foam Nitrile Coating
Special palm coating ensures maximum control on slippery surfaces.
- Flexible & Ergonomic Design
Adapts perfectly to hand shape, reducing fatigue and boosting productivity.
- Oeko-Tex Certified Textile
Breathable and skin-friendly for long-lasting comfort.
- Silicone-Free Composition
Formulated with health and environmental safety in mind.

Application Areas

- Construction and building operations
- Oily assembly and technical tasks
- Logistics and transportation
- Agriculture and gardening
- Iron and steel industry
- Automotive sector
- Cleaning and maintenance services
