

WG-36705 CUT

WOLFGUARD WG-36705 CUT

Excellence in Durability, Grip, and Efficiency

Equipped with cut-resistant DYNEEMA® yarn technology and MicroFinish foam nitrile coating, WG-36705 CUT ensures safe performance in demanding tasks. Its ergonomic structure reduces hand fatigue while offering precise control in delicate operations.

Key Features

- DYNEEMA® Yarn Technology
 - MicroFinish Foam Nitrile Coating
 - Ergonomic & Flexible Design
 - Oeko-Tex Certified Textile
 - Skin-friendly materials, dermatologically approved.
 - Silicone-Free Composition
- Safe for health and environmentally conscious use.

Certifications

- EN 388: 4.X.4.3 C – Outstanding protection against abrasion, tearing, and cuts
- EN 420 – Ergonomic fit and general usability compliance

Application Areas

- Construction and building operations
- Oily assembly and technical tasks
- Logistics and transportation
- Agricultural and gardening applications
- Iron and steel industry
- Automotive production and maintenance
- Cleaning and maintenance operations
