

A

WG-68501 OIL

WOLFGUARD WG-68501

Power and Comfort with Dual Coating Technology

Key Features

The WG-68501 is a high-performance work glove equipped with dual nitrile coating technology, offering secure grip and superior protection on wet and oily surfaces. Its ergonomic design and skin-friendly construction ensure a comfortable working experience throughout the day.

TECHNICAL SPECIFICATIONS

- Dual Nitrile Coating
Delivers liquid resistance and excellent grip performance under all conditions.
- Foam Nitrile Palm Layer
Maximizes grip and reduces the risk of slippage.
- Flexible & Ergonomic Structure
Minimizes hand fatigue and supports all-day productivity.
- Oeko-Tex Certified Cottony Liner
Soft, breathable inner surface safe for sensitive skin.
- Silicone-Free Composition
A safe, health- and eco-conscious formulation.

APPLICATION AREAS

- Construction & Building Industry
- Oily Assembly Operations
- Logistics & Transportation
- Agriculture & Gardening
- Iron & Steel Industry
- Automotive Sector
- Cleaning & Maintenance Services
