## EP-28

### WOLFGUARD EP-28

#### Superior Protection and Comfort for Professional Welders

The WOLFGUARD EP-28 is crafted for professionals working in high-risk environments. With premium cowhide leather, Para-Aramid stitching, and a soft ergonomic lining, it delivers reliable protection and lasting comfort in industrial welding and metalworking applications.

#### Product Features

- High-Quality Cowhide Leather  
1.2 mm – 1.4 mm thick for maximum flexibility and durability
- Cut and Burn Resistance  
Hidden-stitch technique with Para-Aramid thread provides enhanced protection
- Ultra-Soft Inner Lining  
Ergonomically designed for comfortable, extended wear
- Odor-Free & Hypoallergenic Materials  
Safe leather construction ensures a clean and irritation-free experience
- Ideal for Welding and Molten Metal Tasks  
Designed to meet the demands of professional users

#### Key Advantages

- Exceptional durability in industrial and heavy-duty environments
- Flexible and ergonomic design for ease of use
- Effective protection against cuts and high temperatures

#### Application Areas

- Industrial welding and metalworking
- Heavy industry operations
- Work conditions involving exposure to heat and sharp materials

WOLFGUARD EP-28 merges protection and ergonomic comfort, offering a dependable solution for professionals who prioritize safety, durability, and ease of use.
