,WOLFGUARD EP-3445

Welding Glove Offering Superior Protection and Comfort

Built for industrial professionals, the EP-3445 combines reinforced durability with ergonomic design to deliver reliable performance in high-risk environments. Its advanced features ensure both safety and comfort during demanding tasks.

Product Features

- Reinforced Stitching & Extra Reinforcements
Enhances durability and ensures long-lasting use

- Hidden Stitch Technology

Made with Para-Aramid threads for resistance to cuts and heat

- Extended Cuff Length

Provides maximum protection during welding and molten metal operations

- Premium Cowhide Leather (1.2 mm – 1.4 mm)

Odor-free and hypoallergenic for safe, durable wear

- Finger Gusset System

Improves finger mobility and boosts task performance

- Palm Reinforcement

Strengthened palm area offers superior abrasion resistance

- Ultra-Soft Inner Lining

Ergonomic lining ensures comfort during extended use

Key Advantages

- Maximum protection against cuts, abrasion, and heat
- Ergonomic design supports freedom of movement
- Durable and secure structure for tough industrial environments

Application Areas

- Welding and metalworking operations
- Heavy industry and industrial maintenance
- Technical tasks requiring precision and protection

WOLFGUARD EP-3445 is a dependable solution for professionals seeking top-tier safety and comfort in challenging work conditions.
