EP-3475

WOLFGUARD EP-3475

Assembly Glove Offering Exceptional Precision and Durability
Designed for professionals who require both tactile sensitivity and robust protection, the EP-3475 delivers high-performance comfort and control in demanding industrial environments.

Product Features

- High-Strength Design
Engineered to adapt to all working conditions, offering maximum protection and comfort
- Goatskin Palm
Ergonomic construction minimizes hand fatigue and ensures comfort during extended use
- Special Palm Reinforcements
Enhances durability while balancing pressure for improved precision
- Hidden Stitch Technology
Reinforced with Para-Aramid threads for resistance to cuts and heat
- Adjustable Wrist Cuff
Customizable fit for enhanced comfort and user control

Key Advantages

- Maximum control and comfort in precision assembly tasks
- High resistance to cuts and heat for professional-grade safety
- Ergonomic structure supports long-term use without discomfort

Application Areas

- Assembly and precision-based technical work
- Metalworking and industrial maintenance
- Professional environments requiring extended wear and high dexterity

WOLFGUARD EP-3475 merges durability with precision, offering a trusted solution for industrial users who demand control, comfort, and protection in every task.
