

## EP-3550

### WOLFGUARD EP-3550

Maximum Durability and Comfort for Demanding Welding Applications  
 Engineered for heavy-duty industrial environments, the EP-3550 combines robust protection with ergonomic comfort. Reinforced with premium materials and advanced stitching technology, it delivers reliable performance in high-risk operations.

#### Product Features

- Hidden Stitch Technology
- Reinforced with Para-Aramid threads for long-lasting resistance to cuts and heat
- Molten Metal & Welding Compatibility
- Provides superior protection under extreme industrial conditions
- High-Quality Leather (1.2 mm – 1.4 mm)
- Made from odor-free, hypoallergenic cowhide for enhanced durability
- Palm Reinforcement
- Strengthened with goatskin for added resilience in precision tasks
- Extended Cuff Area
- Crafted from top-grade cowhide for long-term protection and comfort

#### Key Advantages

- High resistance to cuts, abrasion, and heat
- Ergonomic design ensures comfort during extended use
- Reliable performance in industrial work environments

#### Application Areas

- Welding and metalworking operations
- Heavy industry and industrial manufacturing
- Technical tasks requiring professional-grade durability

#### General requirements for protective gloves

WOLFGUARD EP-3550 merges durability and comfort into one powerful solution—trusted by professionals in the most demanding industrial settings.
