## EP-45

**WOLFGUARD EP-45**  
Industrial Durability and Superior Protection  
Product Overview

The EP-45 is a professional welding glove specifically developed for heavy industry and metalworking environments. Engineered to withstand high temperatures and abrasion, it features Para-Aramid stitching and hidden-seam technology for long-lasting protection.

### Technical Features

- Hidden Stitch Technology  
Reinforced with Para-Aramid thread for enhanced resistance to cuts and burns
- Premium Cowhide Leather (1.2 – 1.4 mm)  
Durable, odor-free, and hypoallergenic natural material
- Reinforced Palm  
Extra abrasion resistance for extended glove life
- Ultra-Soft Inner Lining  
Ergonomic design ensures comfort during prolonged use
- Industrial-Grade Performance  
Optimized for steel and heavy-duty industrial environments

### Key Advantages

- Full protection against heat and abrasion
- Ergonomic structure for freedom of movement
- Comfortable and secure for long-term use

### Application Areas

- Metalworking and welding operations
- Steel industry
- Industrial zones with abrasion and impact risks
