## EP-6716

### WOLFGUARD EP-6716

**Precision Welding Glove Offering Superior Comfort and Protection**

Designed for TIG welding and fine assembly tasks, the EP-6716 delivers exceptional sensitivity and durability. Its advanced construction ensures both ergonomic comfort and reliable safety in demanding industrial environments.

#### Product Features

- Specialized Design for TIG Welding & Precision Work  
Ideal for delicate operations requiring high comfort and tactile control
- Premium Leather Composition (1.0 mm – 1.4 mm)  
Made from top-grade split cowhide and goatskin for flexibility and durability
- Hidden Stitch Technology  
Reinforced with Para-Aramid threads for long-lasting resistance to cuts and heat
- Protection Against Molten Metal  
Offers maximum safety against high temperatures and external hazards
- Palm Reinforcement  
Specially designed support structure balances pressure and enhances comfort
- Pressure-Softening Liner  
Innovative under-leather layer reduces palm pressure for a smoother experience

#### Key Advantages

- Exceptional control and comfort for precision tasks
- High resistance to cuts and abrasion with a protective build
- Ergonomic and comfortable for extended use

#### Application Areas

- TIG welding and precision assembly operations
- Industrial manufacturing and fine metalworking
- Professional environments requiring long-term safety and comfort

WOLFGUARD EP-6716 strikes the perfect balance between finesse and resilience—making it a trusted solution for professionals working in high-precision, high-risk environments.
