EP-6760

WOLFGUARD EP-6760

Welding Glove Offering Maximum Protection and Freedom of Movement
Engineered for demanding industrial environments, the EP-6760 combines robust protection with ergonomic flexibility. Its advanced materials and reinforced design make it ideal for high-temperature and heavy-duty applications.

Product Features

- Hidden Stitch Technology
- Reinforced with Para-Aramid threads for long-lasting resistance to cuts and heat
- Molten Metal & Welding Compatibility
- Built to withstand high temperatures and harsh working conditions
- Premium Leather Quality (0.9 mm – 1.4 mm)
- Made from odor-free, hypoallergenic cowhide and goatskin
- Finger Gusset System
- Enhances finger mobility for comfortable handling in precision tasks
- Palm Reinforcements
- Special padding provides high resistance to impact and abrasion
- Extended Cuff Area
- Crafted from top-grade cowhide for lasting durability and ergonomic support

Key Advantages

- Superior protection against cuts, heat, and wear
- Flexible and ergonomic design enhances freedom of movement
- Comfortable and safe use in heavy industrial settings

Application Areas

- Molten metal handling and welding operations
- Heavy industry and industrial manufacturing
- Professional environments requiring precision and durability

WOLFGUARD EP-6760 is the trusted choice for professionals who demand both resilience and dexterity—delivering reliable performance in the toughest conditions.
