## EP-6776

### WOLFGUARD EP-6776

#### Superior Comfort and Protection for Precision Tasks

Designed for TIG welding and fine assembly work, the EP-6776 offers exceptional comfort, durability, and control. Its premium leather construction and reinforced palm design make it a reliable choice for professionals operating in high-risk, detail-oriented environments.

#### Product Features

- Specialized Design for TIG Welding and Precision Work  
Ideal for tasks requiring fine craftsmanship and high sensitivity
- Premium Leather Construction  
Made from 1.0 mm – 1.4 mm thick top-grade split cowhide and goatskin
- Hidden Stitch Technology  
Sewn with Para-Aramid threads for enhanced resistance to cuts and burns
- Protection Against Molten Metal Splash  
Provides maximum safety against heat and external hazards
- Reinforced Palm Support  
Balances pressure for long-lasting comfort during extended use
- Pressure-Softening Liner  
Special inner structure reduces palm fatigue for a smoother experience

#### Key Advantages

- Exceptional control and comfort in precision applications
- High resistance to cuts, abrasion, and thermal hazards
- Ergonomic design supports long-term use without compromising safety

#### Application Areas

- TIG welding and precision assembly
- Industrial manufacturing and fine metalwork
- Professional environments requiring durable, ergonomic protection

WOLFGUARD EP-6776 strikes the perfect balance between sensitivity and resilience —delivering dependable performance in demanding tasks.
