WOLFGUARD EP-7000

Exceptional Comfort and Precision for Argon Welding

Designed for professionals engaged in delicate welding tasks, the EP-7000 delivers outstanding control, comfort, and protection. Its premium leather construction and ergonomic reinforcements make it the ideal choice for precision metalwork in industrial environments.

Product Features

- Hidden Stitch Technology
- Reinforced with Para-Aramid threads for long-lasting resistance to cuts and heat
- Argon Welding Optimized
- Tailored for precision welding applications, offering superior control and comfort
- Premium Leather Composition (0.9 mm – 1.1 mm)
- Made from odor-free, hypoallergenic goatskin and cowhide for enhanced flexibility and safety
- Goatskin Palm
- Provides excellent softness and dexterity for fine handling tasks
- Palm Support Reinforcements
- Distributes pressure evenly and boosts durability during extended use
- Cuff Area with Full-Grain Cowhide
- Ensures long-term protection and structural integrity

Key Advantages

- Maximum control and comfort for argon welding and precision work
- High resistance to heat and cuts for safe, professional use
- Ergonomic design supports long-term wear in demanding environments

Application Areas

- Argon welding and precision metalworking
- Industrial production and assembly operations
- Professional work environments requiring extended safety and comfort

WOLFGUARD EP-7000 combines sensitivity and strength, offering a dependable solution for professionals who demand finesse, durability, and ergonomic excellence in every task.
