EP-75

WOLFGUARD EP-75

Welding Glove Offering Superior Protection and Comfort

Built for demanding industrial environments, the EP-75 combines rugged durability with ergonomic flexibility. Its premium materials and reinforced design make it a reliable choice for professionals working in high-risk conditions.

EN 388:2016+A1:2018

3234B

EN ISO 21420:2020+A1:2024

Product Features

- Hidden Stitch Technology
- Reinforced with Para-Aramid threads for long-lasting resistance to cuts and heat
- Top-Grade Leather Construction
- Made from high-quality materials to enhance durability
- Premium Leather Quality (1.1 mm – 1.4 mm)
- Crafted from odor-free, hypoallergenic cowhide for robust protection
- Ultra-Soft Inner Lining
- Provides lasting comfort during extended use
- Goatskin Backhand Protection
- Offers additional shielding against molten metal splashes and prevents adhesion

Key Advantages

- Superior resistance to cuts, heat, and abrasion
- Ergonomic and flexible design for enhanced mobility
- Long-lasting performance in heavy-duty welding and industrial applications

Application Areas

- Welding and metalworking operations
- Heavy industry and industrial manufacturing
- Professional environments requiring precision and durability

WOLFGUARD EP-75 prioritizes both protection and freedom of movement—delivering a dependable solution for professionals in challenging industrial settings.
