WOLFGUARD EP-7546

Professional Welding Glove Combining Durability and Comfort
Engineered for demanding industrial environments, the EP-7546 offers a robust blend of protection, flexibility, and ergonomic comfort—making it the trusted choice for professionals working in high-risk conditions.

Product Features

- Hidden Stitch Technology
- Reinforced with Para-Aramid threads for long-lasting resistance to cuts and heat
- Extended Cuff Length
- Provides maximum protection during welding and molten metal operations
- Premium Leather Composition (1.2 mm – 1.4 mm)
- Made from odor-free, hypoallergenic cowhide and goatskin for enhanced durability
- Palm Reinforcement
- Broad reinforcement over goatskin palm increases strength and extends glove lifespan
- Precision Finger Design
- Enables improved dexterity and tactile sensitivity for high-performance tasks
- Ultra-Soft Inner Lining
- Ergonomic lining ensures comfort during extended wear in tough conditions

Key Advantages

- Maximum safety and protection in hazardous work environments
- Ergonomic and flexible design for a comfortable user experience
- Durable construction ensures long-term reliability in professional settings

Application Areas

- Welding and molten metal operations
- Heavy industry and industrial maintenance
- Technical work requiring precision and protection

WOLFGUARD EP-7546 delivers a reliable solution for professionals who demand both resilience and comfort—ensuring confidence and performance in every task.
