K-45 SLEEVE

WOLFGUARD K-45 SLEEVE

Reinforced Protection with DYNEEMA® Technology

The K-45 SLEEVE offers high cut resistance and lasting comfort, thanks to its DYNEEMA® yarn construction and ergonomic design. Available in multiple length options, it ensures a tailored fit for every user and task.

Technical Features

- DYNEEMA® Yarn Technology
Combines exceptional cut resistance with lightweight flexibility.
- Ergonomic Lycra Structure
Provides maximum freedom of movement and comfort.
- Elasticated Wrist Design
Ensures secure fit and easy wearability.
- Multiple Length Options
Available in 25 cm, 36 cm, 45 cm, and 56 cm to suit various needs.

Key Advantages

- Superior cut protection in harsh environments
- Comfortable even during extended use
- Flexible fit for full arm mobility
- Practical and secure design for daily operations

Application Areas

- Construction and assembly work
- Metalworking and use of cutting tools
- Logistics and handling operations
- Iron, steel, and heavy industry applications

Standards & Certifications

- EN 388: 3X42E – Certified for abrasion, circular blade cut, tear, puncture, and ISO cut resistance
